

# SCM-N Surface Conditioning

Nastri abrasivi in surface conditioning material  
*Bandes abrasives en surface conditioning matériel*  
 Surface conditioning material abrasive belts  
*Bandas abrasivas en surface conditioning material*

## SCM-N CORINDONE / CORINDON / ALUMINIUM OXIDE / CORINDÓN

Nastri in surface conditioning. Per operazioni di satinatura e finitura di superfici piane. Alto rendimento, basso surriscaldamento e basso intasamento.

*Bandes en surface conditioning. Pour opérations de satinage et de finition des surfaces planes. Haute performance, faible surchauffement et faible encrassement.*

Surface conditioning belts. For glazing and finishing operations of flat surfaces. High performance. Low heat generation. Low clogging.

*Bandas en superficies conditioning. Para operaciones de acabado y satinado en superficies planas. Alto rendimiento. Bajo calentamiento. Bajo embozado.*

### APPLICAZIONI

- ACCIAI
- ACCIAI INOSSIDABILI
- ACCIAI LEGATI
- ALLUMINIO
- MATERIALI NON FERROSI

### PRÉCONISATIONS

- ACIERS
- ACIERS INOXYDABLES
- ACIERS ALLIÉS
- ALUMINIUM
- MATÉRIEAUX NON FERREUX

### APPLICATIONS

- STEELS
- STAINLESS STEELS
- ALLOY STEELS
- ALUMINIUM
- NON-FERROUS MATERIALS

### APLICACIONES

- ACEROS
- ACEROS INOXIDABLES
- ACEROS ALEADOS
- ALUMINIO
- MATERIALES NO FÉRRICOS
